# WELCOME TO OBAN (ARGYLL), SCOTLAND

## Port Information

*Crystal Symphony* is scheduled to anchor off the port of Oban (Argyll), Scotland, at 9:00 AM today, Wednesday, September 11, 2024.

A mandatory Face-to-Face Immigration Inspection takes place for **all Guests**, today Wednesday, September 11. The inspection takes place immediately after arrival in Oban in the **Galaxy Lounge**. Please report per the times stated on the letter you received in your suite.

Once you have attended the inspection, you may proceed ashore via the ship's tenders. **The tender platform is located on Deck 4. Please use the midship elevators to access this area.** When going ashore please remember to carry your **Immigration card** and **guest identification key card** with you as you must show them to the security officer at the gangway. In addition, please also carry an **official photo ID** such as a national card or driver's license with you ashore.

**No food, fruit, plants or any meat products may be taken ashore due to local agricultural and quarantine regulations.**

Continuous tender service operates from the ship to the **North Pier** tender pier ashore at Oban.

Crystal is not operating shuttle service today as the town and scenic port is a short walk from the tender pier.

The unit of currency in Scotland is the Scottish Pound (GBP). British Pounds are accepted, interchangeable and trade on par with the Scottish Pound. It has been noted that Scottish Pounds can be more difficult to exchange outside of Scotland; it may be preferable to request for British Pounds. U.S. dollars, in general, are not accepted.

***Crystal Symphony* is scheduled to sail for Greenock, Scotland, at 7:00 PM. The last tender leaves shore at 6:30 PM. All guests back on board, please.**

## Crystal Destination Experiences

## Tonight's Entertainment | C.J. Marvin

Australian born artist from Melbourne, C.J. began taking piano and singing lessons at 11. From a classical education he soon crossed over to pop and to his own compositions in the very first year of training. In 1981 while studying in Italy he meets lyricist Robert Montanelli and forms *The Marvin Band* beginning to play professionally in Europe.

In the winter of 1985 the two writing partners are introduced to a wider audience with a song called *Why Not?!?* written for Italian TV network Tele 4-Italia 1. The track is picked up shortly afterwards by the new London TV station Music Box, which uses its main riff for a successful jingle for several years.

By the end of 1988 C.J. moves to Milan where he works for record companies and studios (Polygram, DDD, CBS, and Ariston), singing and producing commercial jingles and writing song demos for contracted artists.

In August 1993 he meets American writer Linda Teller from Boston and their collaboration gives birth to a first country flavored ballad *The Traveling Man*. That same year C.J. performs a breath-taking record of 327 live shows.

In 1997 *Road of Hope* becomes his first single and he also releases a re-mix of *Why Not?!?* and publishes his first album *81TO88 vol.1*, a LIVE collection of original songs performed and recorded by The Marvin Band throughout their '80s activity.

At the end of 1999 his first studio album "The Traveling Man" is released on CJM Productions featuring contributions from different international artists, including the late American harp player phenomenon, Terry Lee McMillan.

In late 2007 C.J. produces *The Elton Show - The Greatest Celebration of the Rocket Man*, a live musical show in honor of his idol and mentor Elton John. In December that year on a Canadian tour, when arriving at Calgary's airport, C.J. is awarded with the White Hat Ceremony and offered the city's honorary citizenship. Something normally reserved to dignitaries, celebrities and VIPs. Between 2008 and 2013 *The Elton Show* grows consistently in popularity and expands globally.

In May 2014 *The Elton Show* is joined by no other than Elton John's very own long time drummer Charlie Morgan from London. Between 2014 and 2023 C.J. Marvin and *The Elton Show* keep amazing audiences throughout the world with incredible performances while growing to be one of the most successful Elton John celebration shows on the planet.

2023 also sees C.J. join Crystal in their rebirth and the *Rocketman* production on board *Crystal Symphony*, continuing to currently delight guests on every cruise.
